

10:30 Opening Jun Takada (Dean of Graduate School of Natural Science), Hiroshi Kanzaki (Dean of Faculty of Agriculture)

10:40 - 11:10 Keynote Lecture

Junichi Kashiwagi (Graduate School of Agriculture, Hokkaido University)

“Current research status and challenges at International Crops Research Institute for the Semi-Arid Tropics (ICRISAT)”

Yukihide Katsuta (Japan International Cooperation Center)

“Human Resource Development Cooperation of Japan and Role of Japan International Cooperation Center (JICE)”

11:10 - 12:10 Program 1 Presentations of COE “Bioscience Education for training multidirectional views” Annual Report (1)

Kazunari Akagi (Developmental Biology, Department of Integrative Biology, Division of Bioscience)

“The importance of controlled expression of the transcription factor Blimp-1 in a biological timer system to determine pupation timing in *Drosophila*”

Mizuho Sato (Chemistry of Bioactive Compounds, Department of Biofunctional Chemistry, Division of Science for Bioresources)

“Effective synthesis of alkaloids by pectic-spengler reaction and its bioactivity”

Ana Eusebio-Cope (Virology, Department of Biological Resource Science, Division of Bioscience)

“Electrophoretic and cytological karyotyping of the chestnut blight fungus, *Cryphonectria parasitica*.”

Yuka Akaki (Animal Reproductive Biotechnology, Department of Animal Science, Division of Biospheric Systems Science)

“Dibutyl cyclic AMP and EGF-like factors support in-vitro maturation of porcine oocytes in a chemically defined medium without gonadotropins”

13:30 - 15:00 Program 2 Presentations of Accelerative Globalization Program Report

Zafer Cemal Ozkan (Faculty of Forestry, Karadeniz Technical University, Turkey)

“Wood and non-wood forest products of Turkey and Afforestation study for non-wood products”

Durmu Koyun (Graduate school of Natural Science, Karadeniz Technical University, Turkey)

“Problems of Illegal cutting and forest fire in Antalya region, South-Western Turkey”

Hanae Mitani (Faculty of Agriculture, Okayama University)

“Study of distribution of Forest plants in Turkey”

Rushan Sabirov* & Takahiro Nanri** (* Kazani State University, Russia, **Graduate School of Natural Science and Technology, Okayama University)

“Student practice in the white sea, Russia”

Liudmila Malyutina & Rushan Sabirov (Kazani State University, Russia)

“History and culture in Kazan city, and education in Kazan State University”

Nanami Maniwa & Saki Tanaka (Matching Program Course, Okayama University)

“Student practice in Mukaishima Marine Laboratory, Hiroshima University”

15:00 - 16:00 Program 3 Poster Presentations of COE “Bioscience Education for training multidirectional views” Annual Report (2) (4F, Venetia)

16:00 - 17:30 Program 4 Presentations of Accelerative Globalization Program Report (2)

Li Heng (**Kunming Institute of Botany, The Chinese Academy of Sciences, China)

“The endemism of seed plants in the Gaoligongshan area, Yunnan”

Tatsuya Yamamoto*, Bo Long**, Yuki Takahashi* & Erika Kubo* (*Graduate School of Okayama University, **)

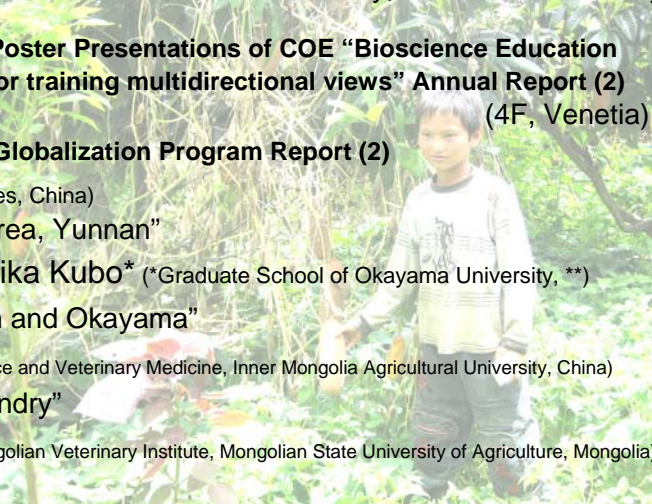

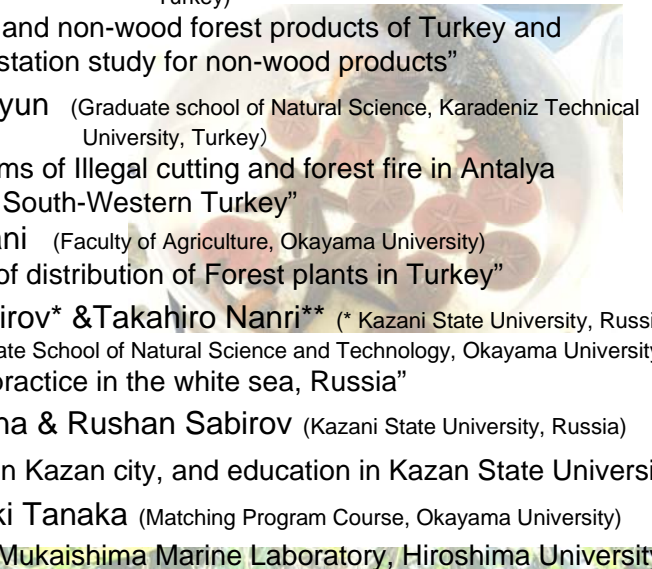

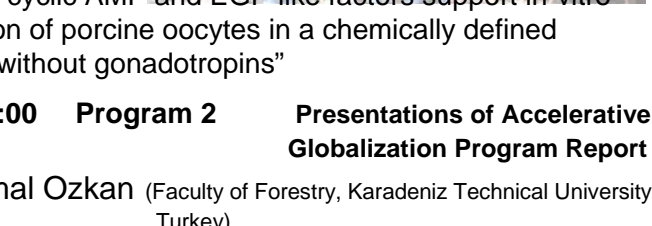

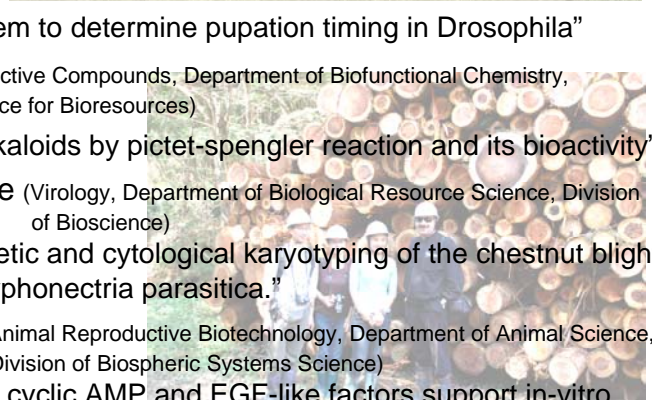

“Field observation of plant diversity in Yunnan, Vietnam and Okayama”

Mingqiang Liu, Siriguleng & Jin Shan (College of Animal Science and Veterinary Medicine, Inner Mongolia Agricultural University, China)

“The current situation of Inner Mongolian animal husbandry”

Shirchin Demberel & Jamjan Dugersuren (LAB research/Mongolian Veterinary Institute, Mongolian State University of Agriculture, Mongolia)

“Use of LAB probiotics in animal husbandry, Mongolia”
